Book The Point Exclusively

One of the best ways to experience The Point is as the Rockefellers did. Exclusive bookings have full control over every aspect of the stay including menus, activities, dining times & locations. Children are also warmly and enthusiastically welcomed at The Point during your exclusive stay.

To reserve the entire property for a private visit dedicated to your every desire, contact our reservations office directly at 518-891-5674! In addition to summer and fall availability, every Monday through Wednesday of January, February, and March are available only to exclusive bookings of the property. Right now, the first two weekends in March are also available for exclusive bookings!

Your Culinary Experience at The Point

We are proud to offer our guests a truly world-class culinary program

prepared by our Executive Chef and his incredibly talented team. In addition to every creatively prepared meal of the day, a wide selection of fine wines and spirits from our private cellars are carefully paired to perfectly match each menu course for the ultimate tasting.

Five nights each week, a four-course dinner with wine pairings is served in the Great Hall. On Wednesday and Saturday evenings, the Great Hall transforms into a black-tie affair to include a seven-course tasting menu with wine pairings. Guests are seated at one or two formal tables in our Great Hall and a member of The Point's management team serves as host, just as the Rockefellers hosted dinner for their guests. These evenings are most memorable, with much laughter and lively conversations.
