

Staying [at a hotel](#) can be a perfunctory part of traveling, serving as little more than a place to rest your head at night after a day of adventuring. But on the flip side, splurging on a luxurious suite can also be the true highlight of a trip. At the most expensive hotels in the U.S., the stunning architecture, extensive amenities, and breathtaking natural surroundings all make for unforgettable experiences that might just inspire you to splurge on your next getaway. Check out the 10 most expensive hotels in the U.S. and decide if they're worth the price tag.

2. [The Point](#), New York – \$2,650+

Photo credit: Photo courtesy of The Point Resort

Situated on the shores of a pristine mountain lake in New York’s Adirondacks, the [Point](#) was originally built in the 1930s as a [Rockefeller family](#) getaway. Now, the historic property welcomes guests to experience Gilded Age [Great Camp](#) glamor in its peaceful, woodsy surroundings, as well as the priceless art and antiques adorning this upscale log mansion.

The entire 75-acre [property](#) is at guests’ disposal no matter the season — crunch through the leaves and cozy up by the fire in the fall, witness the blossoming trees and [flowers](#) in spring, go skiing or snowshoeing in the winter, or sail the lazy summer days away on a boat. The experience starts at around \$2,650 a night, but with only 11 guest rooms — each boasting stunning lake views, hand-crafted furniture, and wood-burning fireplaces — an exclusive experience is all but guaranteed. Of note, the resort is only for guests 21 years of age and older, and disconnecting from electronic devices to bask in the natural surroundings is encouraged — Wi-Fi is limited to the main office.
