

## Host Thanksgiving at an Adirondack Estate Originally Owned by the Rockefellers

Forget grocery shopping, meal planning, cleaning up, and grueling hosting duties. Looking ahead to this fall, the Gilded Age Rockefeller estate turned all-inclusive resort, **The Point**, is offering one family the opportunity to reserve the entire property for the ultimate Thanksgiving getaway. Known for offering ultra-personalized service, the resort's team of concierges will work with the host to completely customize the group experience, allowing you to relax, feel thankful for your group, and live like a Rockefeller.

Nestled in the Adirondacks, The Point Resort in Saranac Lake, NY offers full property buyouts of the 11-room, 22-guest, all-inclusive resort. The exclusive Thanksgiving buyout is a minimum of three nights starting at \$155,100, inclusive of all taxes and fees. Guests will have **full private access** to the 75-acre property, inclusive of the beautiful Saranac Lake, outdoor adventure activities, various hiking and skiing trails, and five-star VIP treatment, allowing for the ultimate retreat experience. **The limit does not exist for overdelivering**, and the property team makes a concerted effort to understand each individual's personality, interests, and likes and dislikes. They are known to cater to their guests every whim for an unforgettable holiday weekend. Make the estate your **own personal home**, with:

- Kid-friendly scavenger hunts or Olympic-style challenges
- Your grandma's holiday recipe combined with seasonal and local food items
- Fine wine or whiskey tastings

- Lakeside picnics
- Unlimited, 24-hour access to premium wines, liquor, and liqueurs
- Bonfires and s'mores with your favorite cigars
- E-bike tours to spot gorgeous fall foliage
- Outdoor movie nights
- ...and so much more!

And to make matters even more special, full property buyouts at The Point (which is typically an adults-only resort) are **the only time individuals 21 and under can enjoy all that the property has to offer.**
